As a part of the PA CareerLink® Washington County's ongoing efforts to provide value to our customers, we are pleased to offer you a complimentary Employee Engagement Seminar to help you to leverage your organization's potential.

The average score achieved in most organizations' Employee Engagement Surveys shows that only 43% of employees self-report they are truly engaged. This means that most organizations are performing at only 43% of their potential and that employee performance is being sub-optimized.

In contrast, the Best Organizations in the country are achieving engagement results of 90% +.

Wow! - How do they do it?

The Leader for this Seminar: Bob Stearns, the CEO of Powerful Potential, will show you!

Bob led Pittsburgh based employer, Medrad, to win the coveted Malcolm Baldrige Award in 2003 (which is awarded by the President of the United States). Medrad consistently scored 95% or higher in employee engagement and leveraged their potential by increasing productivity and efficiency and yielding millions in additional profits for the company. Bob's company, Powerful Potential has been in business for 32 years and has served thousand of employees and leaders in improving engagement and potential.
